Github: <https://github.com/syed-111>

---

## EDUCATION:

- ▶ Pursuing BTECH graduation in Computer Science Engineering at CMR college of Engineering and Technology, HYD (CGPA: 8.97 till 5th sem)
  - ▶ Completed Intermediate in Srichaitanya junior kalasala, Ameenpur, Hyderabad (Marks: 983/1000)
  - ▶ Completed SSC in Frobels Residential High School, Kamareddy (Gpa: 9.8/10)
- 

## CERTIFICATIONS:

- ▶ "Data Structures and Algorithms" certification from CODECHEF
  - ▶ "Cybersecurity" course by Azure Skynet solutions associated with IIT Hyderabad
  - ▶ "Cryptography and Network Security" Nptel Certification.
  - ▶ "Web Application" penetration testing course by Cybrary
  - ▶ "Web App Security Fundamentals" course by Cybrary
- 

## TECHNICAL SKILLS:

Languages: C , C++ , Java , Python ,  
Html , Javascript

Data Structures and Algorithms

---

## WORK EXPERIENCE:

- ▶ One month online Internship from Azure Skynet Solutions associated with IIT Hyderabad (Cybersecurity Training)
- 

## ACHIEVEMENTS:

- ▶ Winner of Codeathon 2019 conducted by CMRCET (Team coding contest)
- ▶ Hyderabad Best coder 2019 excellency certificate (finalist)
- ▶ Winner of "Smart India Hackathon" 2019 (Team Hackathon)
- ▶ Runner Up of Codeathon 2.0 2019 conducted by CMRCET (Team coding contest)

- ▶ Merit Certificate in Coding Contest (VNR Turing Cup) conducted by VNRVJIET college
  - ▶ Golden Batch in Problem Solving Skills in Hackerrank(username: \_syed\_ )
  - ▶ 4 star rating in codechef(username:syed\_1)
  - ▶ Certificate of Achievement by Smart City Hackathon 2018 associated with NASA Space Apps.
  - ▶ Merit Certificate of National Level Science Talent Search Examination(2014)
- 

#### PARTICIPATED EVENTS:

- ▶ Codechef "Snackdown" challenge (global coding competition)
  - ▶ "Cryptic Enigma" contest based on Cryptography conducted by JNTUH(2019)
  - ▶ "Codeking" contest conducted by JNTUH (2019 and 2020)
  - ▶ Coding contest organized as part of Convergence 2019 by VNRVJIET college
  - ▶ "Killwithcode" Coding Contest conducted by CMRCET
- 

#### PROJECTS:

- ▶ Designed an encryption and decryption algorithm (python)
- ▶ Filemanager (Python Command Line Interface(CLI) tool)  
Operations:
  - Search
  - copy
  - move
  - delete
  - Encrypt
  - Decrypt
- ▶ Day Calculator  
Html and Javascript Website(Date to day Converter)
- ▶ Test Cases Generator for Programming Contests  
Python CLI tool
- ▶ Tic Tac Toe game website  
Html and Javascript
